### **DETAILED ACTION**

1. The 11/18/08 communication from the examiner to the applicant is hereby withdrawn and replaced with this one. The examiner regrets any inconvenience to the applicant.

2. The reissue oath/declaration filed with this application is defective because the error which is relied upon to support the reissue application is not an error upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414.

The declaration refers to an error in claim 1 in U.S. Patent 5,940,464. Applicant seeks a reissue of U.S. Patent 5,940,464 by way of narrowing claim 1. The same patent was subject to reexamination under 90/005,589 that has been examined recently and for which a NIRC was issued on 10/02/08. The NIRC cancels claim 1, and therefore the reissue being based on an error that does not exist.

The examiner also notes that any reissue of the said patent has to be based on the Reexamination Certificate and not the patent claims.

3. Claim 1 is rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration and the application is set forth in the discussion above in this Office action.
